

Sabbatical Announcement

Jessica Nelson, Canon for Music

May 25 - July 25

Dear Cathedral community,

About this time last year, someone in my orbit started nudging me to take a sabbatical. It honestly wasn't on my radar, but I let the idea marinate and asked for a sabbatical during my annual employee review. The Dean, et al, graciously and generously granted that request. Some of the travel I'd planned on doing has been moved to the fall to accommodate other folks' schedules, but here's what I hope to have accomplished by the first of August: drafts of a few new compositions, including one for the Cathedral choir, new (to me) organ rep under my fingers, and renewed energy for the work I love so much. The first order of business is to visit family and friends.

I'll miss you while I'm away, but you'll be in very capable hands with Liz Goff, who will sub at the organ while I'm away.

I look forward to reconnecting at the end of the summer!

Peace,

Jessica
